2 cylinder diesel engine

Our diesel engines have gained a strong reputation for being high quality but affordable products with great reliability and are now being used by a number of original equipment manufacturers.

Use in the agricultural, construction and mining industries and in many other applications where engines are needed to either belt drive or direct couple to drive machinery.

For further details on applications, dimensions and mounting data contact Villiers Australia on 1800 451 602

all Villiers engines have a 2 year warranty

FEATURES

- 12 volt electric start
- lightweight aluminium construction
- key start and stop
- direct injection
