Diesel engine pressure cleaners

Our range of diesel engine pressure cleaners are powered by the reliable Villiers engines.

They are ideal for building maintenance construction clean-up, paint preparation and more.

The 3WZ-2700D is well suited for dairy cleaning, and cleaning cars, trucks, farm equipment and tractors.

The 3WZ-3600F diesel pressure cleaner also comes in a robust frame on four large wheels. It is powered by the Villiers F460 12hp diesel engine. This unit will do all that the petrol cleaners will do and is also ideal for use in confined spaces such as car parks and the mining industry etc.

thermal bypass

3WZ / 3600DF

all Villiers engines
have a 2 year
warranty
