Diesel pumps - high pressure high volume

Long range fuel tank, 4 hour running. Keyless ignition with electric start recoil backup.

Great for use in the construction, agricultural, hire and fire protection industry and anywhere there is a need to move water or other liquids quickly and efficiently.

The fire pump range includes both single and twin impeller models as well as a special single impeller model which produces both high pressure and high volume.

This is driven by a 10hp electric start Villiers diesel engine. Fire pumps are sold in roll frames as standard.

Also used in homes and factories in remote areas to provide water supply to fire sprinkler systems.

FEATURES

- pressure die cast aluminium
- pump body
- cast iron volute diffuser
- cast iron discharge caps
- simply-charged, self-priming design
- the 200B pumps have a solid one piece aluminium impeller

all Villiers engines have a 2 year warranty
