Poly pump for chemical and liquid fertilizer

The Villiers poly pump range comes in 2" and 3" models and is made of strong polyester construction.

All seals, o'rings etc are of full VITON construction, making the pumps the ideal unit to handle liquid fertilizers, other chemicals and effluent.

The 6.5 HP engine is built to the reliable Villiers standard and comes with the pump in a full roll frame for complete protection.

all Villiers engines have a 2 year warranty

FEATURES

- suitable for pumping liquid fertilizers, effluent and other chemicals
- full VITON construction on all internal seals and o'rings
- assembled with stainless steel bolts
- powered by petrol (normal unleaded) 4 stroke overhead valve Villiers engine
- electronic ignition
- low oil level shutdown protection
- low fuel and oil consumption
- spark arrestor muffler
